TIPS and TRICKS

(dice rules, etiquette)

SOME TIPS

You might want to add an Odds bet to your Pass line and Come bets. Some bets and numbers have nicknames or superstitions:

Don't say 7. It's considered unlucky at the table!

11 is "yo-leven" and it's VERY lucky!

Be sure to use your player's card!

Remember to tip your dealer!

DICE RULES

When your screen says **"You Are the Shooter!"** you get to throw the dice!

The dealer will pass the dice to you. Generally you must hit the table and the side wall at the opposite end of the table with the dice. If you don't, the dealer may call the roll invalid, but you will probably get to try again. If you don't want to shoot the dice, that's ok! You can pass.
