

FORTUNE PAI GOW POKER®

GAME BASICS

Fortune Pai Gow Poker® is an optional bonus bet that considers the best hand possible among the player's seven cards. Players may bet any amount within table limits; however, in order to qualify for the Envy Bonus payouts, a Fortune bet of at least \$5 must be made. Players win the Envy Bonus when someone else at the table receives a four of a kind or higher.

PLAYING THE GAME

1. To begin each round, players make their standard Pai Gow wagers and, if they like, the Fortune bonus wager. If a player wagers at least \$5 on the Fortune bonus, the dealer must place an "Envy" button next to it.
2. The dealer then follows house procedures for Pai Gow Poker; Players will create two (2) hands, a low ranked hand consisting of two (2) cards which will be placed face down in the designated area of the table layout and a higher ranked hand consisting of five (5) cards which is also placed face down in the designated area of the table layout.
 - a. Players may request the assistance of the dealer to set his or her hand. The dealer will suggest the House Rules, as provided in Section 22.9, but the dealer takes no responsibility for any winning or losing hands. Assistance may only be provided prior to the dealer viewing his/her own cards.
 - b. If the player's hand does not qualify for payouts, the dealer takes his Fortune wager.
