

THREE CARD POKER™

6 CARD BONUS

Three Card Poker 6 Card Bonus is an exciting stud poker game. You may bet against the dealer, bet on the value of your own three-card hand, or bet both. Bonus payouts may be had for certain hands when wagering against the dealer. Bet the 6 Card Bonus to win on your best five-card hand.

THREE CARD POKER

PAIR PLUS®

Pair Plus lets you bet against your own hand. If your hand contains a pair or better, you win!

ANTE

The Ante bet must be made to start the game. It's just your cards against the dealer's, when you bet on the Ante and like your hand, you must place an equal wager on the play spot. It's your three-card poker hand against the dealer's three-card poker hand, and the best hand wins!

TO PLAY BOTH

It's you and your cards for a pair or better and it's you against the dealer for the best three-card poker hand. You must also make the play wager or you will forfeit the Ante wager. The dealer must qualify with a queen or better to open, otherwise the play will push.

ANTE BONUS

If you make the Ante and play wagers, you may win an Ante bonus payout even if the dealer doesn't qualify, and even if the dealer's hand beats your hand.

6 CARD BONUS

Combine your hand with the dealer's three-card hand to make your best five-card poker hand. You win with a three-of-a-kind or better. See payable for odds.
